on the cover

TITLE: _____

DEC A book recommended
by a librarian.

TITLE: _____

Discover new titles, explore big ideas, and read outside your comfort zone.

How It Works

What is a reading challenge?

A reading challenge encourages you to read (or listen) to different books. Try a new author, genre, or format.

Who can participate?

Anyone over the age of 13. An active LPPL card is required to win the prize.

What counts?

Print books, eBooks, audiobooks, YA, graphic novels, short story collections, you name it! Magazines and children's books do not count.

Do the books have to be library books?

Not at all. Check out library books, download eBooks, borrow from friends, shop at a local bookstore, or visit your shelf at home.

Help! I don't know what to read!

Each month the library will share recommended reads for each theme. Be creative when choosing your books!

How do I complete the challenge?

Read and log one book from each category (12 total). You do not have to go in order but are encouraged to. Track your books on this form or use Beanstack. Submit your list at the end of the year for a chance to win the grand prize.

Please fill out and return by Saturday, January 6, 2024.
